

Call to Action

TSATA needs your involvement and one of the most effective ways to be involved is to volunteer for a committee. As a member of TSATA your work on a committee will advance our profession without taking you away from your day to day work load. Committees work on special projects and rally members to action for events and promotions that give the Licensed Athletic Trainer a voice in the community of Allied Healthcare Providers. The TSATA committees are designed to deal with issues that fall within the mission statement of TSATA and work hand in hand with the National and District Organizations without duplicating the same work that the National and District Organization committees deal with.

TSATA committees also give those individuals who are not a voting member or active member of our National and District Organization an opportunity to serve the profession. With your help the committees of TSATA can achieve great things regarding work place, legislation, leadership, and relationship issues for the Licensed Athletic Trainers of Texas.
